

AXONEPAY - PAYROLL ON DYNAMICS 365 EXTENDED PROFILE

OVERVIEW

Dynamics 365 HR & Payroll by Dynamic Netsoft is an enterprise-grade workforce management solution natively built on Microsoft Dynamics 365 Finance & Operations.

Designed to meet the complex needs of medium to large organizations, it unifies all aspects of HR and payroll into one seamless platform.

From employee onboarding, time and attendance tracking, and leave management to fully automated payroll processing, statutory compliance, and compensation management, this solution enables HR departments to run smarter, faster, and with complete visibility.

The module integrates directly with D365 Finance, reducing data duplication and ensuring accurate financial reporting. With customizable workflows, multilingual support, region-specific compliance rules, and role-based dashboards, businesses can manage local and global HR operations effectively.

Whether you're handling thousands of employees or navigating complex labor regulations, Dynamics 365 HR & Payroll gives you the flexibility and scalability you need. Empower your HR teams with actionable insights, real-time employee data, and error-free payroll — all in one place.
